

Cadmatic Ltd is a leading developer of intelligent 3D-modeling based plant and ship design solutions. Our customers are industrial plants, EPC suppliers, shipyards and consultants. Cadmatic software solutions have been implemented by 4000 users in over 42 countries. Exports account for 90% of our turnover. Our success is based on our technical expertise and knowledge of application areas. We are part of Elomatic group which employs more than 600 employees.

We are looking for an expert to join our steadily growing international business.

S a l e s M a n a g e r

You will work as an important part of our sales team by independently maintaining customer contacts, supporting resellers, processing offers and giving product presentations. After an initial orientation period, you will be re-sponsible for our software solution sales, marketing and the development of new customer relations in specified regions. We expect you to have a technical background (Engineering) and experience in either b2b sales or industrial engineering projects.

We expect good English communication skills (other languages a plus), willingness to travel and ability to work in a goal-oriented and independent manner in an international business environment. After the orientation period you can choose your placement to be in Turku, Helsinki or in one of our international business areas.

Please contact Mr Matti Juntunen for more information: +358 40-5059211, or email him at: matti.juntunen@cadmatic.com.

We offer interesting and challenging work in an international working environment at the forefront of know-how in the field in a successful and steadily growing company that offers competitive benefits, opportunities and motivated colleagues.

Send your application with salary request and CV to Cadmatic Ltd , Itäinen Rantakatu 72, 20810 Turku by the 10th of March 2008 (Mark the position you are applying for on the envelope) or by email to miaa.itameri@cadmatic.com.
